# Town Working for Heavy Water Plant

At a meeting of Town Council held April 19th it was reported by Secretary-Treasurer, W. Johanneson that considerable groundwork has been done in an effort to entice the construction of the proposed heavy water plant for the federal government in this area.

He said, however that much more remains to be done before a suitable brief can be prepared for submission.

Among the firms and provincial departments that have, or are being contacted are Canadian General Electric for information; Northwestern Utilities for fuel potential; Calgary Power for hydro resources; and the Waterways Branch of the Department of Agriculture for water flow and water analyses of the North Saskatchewan and Pembina rivers.

of the provincial government is aware of Drayton Valley's interest in the proposed plant Mr. Johanneson said.

Council decided to approach Improvement District No. 77

The Department of Industry

regarding concessions to the siting of a heavy water plant in the Drayton Valley area. It was also suggested that taxes be exempted during the construction stages and the land be made available: at a nominal price for such a site.

#### CENTENNIAL WORKSHOP THURSDAY

Residents of Drayton Valley and district are reminded of the Centennial Workshop meeting to be held Thursday evening, May 5th at 7:27 p.m. in the Frank Maddock High School.

Provincial Centennial officers will be present to help in suggesting ways in which various groups can help celebrate Canada's Centennial Year in 1967.

#### REHEARSAL PLANNED FOR KLONDIKE SHOW

A rehearsal of the Klondike Kampers Kamival stage show is planned for Saturday evening. May 7th at 7:30 p.m. The rehearsal will be held in the Scout Hall and anyone interested in this production is invited to attend.

# St. Anthony's Pupils Win Music Awards

The spirits were high and congratulations in order when St. Anthony's Choir and music director, Mrs. I. Sigurdur returned with five awards after competing in the annual Edmonton Kiwanis Music Festival held last week at the Jubilee Auditorium.

Linda Fitzgerald and Norman Tucker, grades 8 and 7 students respectively, gathered a total of 78 points each for their selections in "The Blackbird" and "The Fiddler". Their fine individual efforts won them first prize awards for both entries.

The choir as a whole earned the other three awards, placing second in each category. They fell but one point short of gaining eligibility to enter the finals in 2 of the 3 categories.

The choir received 77

points for selections of the "Our Father" and "Come to the Fair", 79 points in the Girl's Section for their performance of "The Market Place" and "A Hunting We will Go" and finally 79 points in the very difficult "Gregorian Chant". A total of 80 points is required to gain admission into the finals.

It was the first time the choir and the two soloists had competed for awards, and all in all they and Mrs. Sigurdur are certainly to be commended in bringing this honor to Drayton Valley.

# Individual Awards

Shown above are Linda Fitzgerald and Norman Tucker with St. Anthony's music director, Mrs. I. Sigurdur. Linda and Norman won 1st prize awards for vocal selections in the recent Edmonton Kiwanis Music Festival.

# \$2 Million School Budget

The Stony Plain School Division Board approved a record operating budget of \$2,002,197 at its last meeting. This is an increase of \$168,-297. over last year.

However, despite the sizeable increase, the Division will ask local taxing authorities for less money under the supplementary requisition because the provincial government has poured more money into the Foundation Program.

Total supplementary requisitions from local municipality, towns and villages last year amounted to \$77,923.79. This year the division will ask for \$56,918. The MD of Stony Plain last year was requisitioned for \$44,385.00, and this year for \$34,221.00.

The Town of Drayton Valley will pay \$6,763; I.D.. No. 77, \$6,700 and I.D. No. 78, \$240.

Revenues under the Foundation Program will increase by \$199,363,00 to a total of \$1,908,879.

The hike in the school budget is due to a general increase in almost every phase of the operation.

# FOCUS

# PROJECT IS GO!

Confirmation was received by the Drayton Valley and District Centennial Committee this week that the plebiscite in I. D. 's 77 and 78 had carried and \$70,000 would be forthcoming from the general revenue funds of the I. D. 's to help swell the arena project fund.

The I.D.'s share will bring the fund total to approximately \$196,000 and assures construction of the arena. Still required is the \$34,000 being raised by donation to complete the building

Mr. D.R. Watson, Secretary-Accountant, with the Department of Municipal Affairs advises that the total of \$70,000 will be paid on two annual installments in 1966 and 1967 with the first payment as soon as approval of the project is received by the Alberta and Federal Centennial Committees.

Improvement District 77's share of the total is \$61.313 and I.D. 78,\$8,687.

#### F.U.A. MEETING

The regular meeting of the Drayton Valley F. U. A. local will be held on May 11th at 8:00 p.m. in the Town Hall.

# Health Board Meets at Hinton

A meeting of the board of the Edson Health Unit was held in the Town Office at Hinton Wednesday, April 6th,

Present were: Mr. P. Wells Edson, Chairman; Mr. J. Wynne, Edson, Vice-Chairman; Dr. H. Shimbashi, Drayton Valley; Mr. W. Nowrie, Hinton; Mr. G. Dompnier. Evansburg; and Mr. D. Mc-Elroy, Secretary-Treasurer. Also in attendance were: Dr. Jack M. Brown and Mrs. P. Adams.

The chairman reported on further deliberations which had taken place in regard to the possible new Health Unit premises in Edson. All matters had been discussed and the details were as outlined by the delegate to the members of the board at the December meeting.

It was unanimously agreed that the terms were satisfactory and that accordingly, a lease would be signed. The new premises will be on 3rd Avenue between 50th and 51st Streets. It is hoped to occupy the new building by the fall of this year.

Dr. Brown reported on a preliminary approach regarding arrangements for Health Unit Services for people living outside the Edson Health Unit in the area surrounding Drayton Valley. Dr. Brown was requested to pursue these investigations and report to the next meeting of the Health Board.

A letter from Mr. J. Wynne was read regarding services to the Cadomin area, Dr. Brown reported that he had visited Cadomin and requested a list of all residents. It was agreed that the need existed for an Infant, Child, and Adult Health Clinic to be held in this area on a summer visitation basis. Dr. Brown will make arrangements.

A letter was read from the Edson Hospital Auxiliary thanking the members of the Board for permission to use the Health Unit premises for meetings.

The Chairman reported on correspondence which he had received from two other. Health Units concerning proposals in relation to preventive public and child welfare services. A delegate from the Department of Welfare had attended a meeting of the

# Facts For The Farmer

There are two main roads to take in farming.

The first is the short road which involves taking advantage of all past experience. This can be done by learning to recognize, understand, and apply principles, tools and techniques which have been distilled from the experiences of successful farmers as well as extension and research personnel.

The second is the long road of trial and error where lessons that come from the experience of others are ignored,

The atmosphere is 75 times as deep as the deepest ocean.

council of the Town of Edson. The members of the board expressed concern that a number of the proposals appeared to be the responsibility of the Department of Health. The board considered that integration of Health and Welfare programmes is most desirable. A letter under the signature of the chainman of the Health board will be forwarded to all contributing authorities in the Health Unit outlining the views of the members of the board.

The following officers were elected for the year 1966-67. Chairman, Mr. P. Wells; Vice-Chairman, Mr. J. Wynne; Secretary-Treasurer, Mr. D. McElroy; and Auditors, Messrs. Topham & Berthelsen.

Dr. Brown reported on the

work for the period October-December, 1965 and for the year, 1965. Both reports were adopted following discussion.

The financial reports to date, and the budget for the year 1966-67 were approved.

Permission was granted for personnel to attend the Canadian Public Health Association meeting in Calgary in April and the Alberta Association of Registered Nurses meeting in Calgary in May. Association of registered nurses meeting in Calgary in May.

Dr. Brown reported that the health unit trophy for the most improved dairy farm, would be due for presentation at the annual meeting of the Milk Producers, which would be held in Evansburg.

STONY PLAIN SCHOOL DIVISION

# NOTICE

Registration for the Drayton Valley Elementary School for children commencing school in September, 1966, will be taken at the Old Elementary School on 50th Street on Monday, May 9th, 1966, from 1:00 p.m. to 4:00 p.m. and 7:00 p.m. to 8:00 p.m. and on Tuesday, May 10th from 1:00 p.m. to 4:00 p.m.

The child must be six years old on or before December 31st, 1966. Parents are asked to furnish the child's Birth Certificate at the time of registration.

# **New Cancer Hospital Planned**

A tender bid of \$5,544,777 has been accepted from Alta-West Construction Ltd., for construction of a 77-bed Cancer Clinic Hospital in Edmonton, according to an announcement by the Hon. F.C. Colborne, Alberta Minister of Public Works. The building is to be located on University Avenue adjacent to the Aberhart Memorial Sanatorium and the new Veteran's Nursing Home.

Other prices received on this work were from the following: Poole Construction Limited, \$5,578,250; Burns

& Dutton Construction. \$5,716,000;Bird Construction Co. Ltd., \$5,736,963; Universal Construction Co. Ltd., \$5,798,000 and Laing Construction & Equipment Ltd., \$6,049,000.

Purpose of the new hospital and clinic is the replacement and expansion of present quarters and centralization of existing services. The new centre will be particularly adapted to applications of atomic energy in the treatment of cancer. An active treatment centre, the hospital will not be handling terminal

Construction is to start immediately with completion expected in two years.

The structure will consist of a central, five-storey building intersected at 90 degrees by a long, one-storey wing, the superstructure will be a monolithic cast-in-place concrete rib-slab and beam floor and roof system.

Total area of the building is 190,000 square feet and provisions are made for the future addition of two floors, which would increase the floor area by 40,000 square feet

# **People Helping People**

What does a parent do when he learns his child is mentally ill and needs treatment in a special centre?

To whom does a young wife turn when her severely depressed husband threatens suicide?

How does a man, released from a mental hospital, find help in getting a job, a place to live, and congenial, understanding companionship?

Who will bring gifts, personal attention trips outside the hospital to the patients who've been abandoned by family and friends?

These are just a few of the kinds of problems that any local branch of the Canadian Mental Health Association tackles in giving help to individuals and families confronted with the tragedy of mental ill-

CMHA, which is made up of citizens dedicated to fighting mental illness and helping the mentally ill, is observing international Mental Health Week, May 1st to

These citizens have worked over the years to erase the stigma of mental illness. Most of us now know, through the Association's information and educational materials, that there is new hope for the mentally ill -- if they are given early diagnosis, proper treatment and adequate aftercare rehabilitation.

# Check Your Car and Enjoy It

Every April and May, the vehicle safety committee of the Canadian Highway Safety Council sponsors a nation-wide campaign to alert owners of their personal responsibility for the safe-operation of their vehicles. The 1966 campaign will open at midnight, March 31st, and end at midnight, May 31, with the active participation of dealers, service and garage operators from coast to coast.

"They don't need more business at this time of year", said S.E. Swallow, chairman of the committee, "but spring is the most important car-check time, so they join us each year in our effort to reduce the number of unsafe vehicles on the streets and highways." Director of service for the Ford Motor Co. of Canada Ltd., Mr. Swallow, who lives in Clarkson, Ont., urged every owner of a car or truck to have his vehicle thoroughly checked. "Only in this way can potential failures due to wear and tear be detected before they produce tragic results."

# Summary School Board Meet

At the last regular meeting held April 18th and 19th the Stony Plain School Division Board presented a proposed rate schedule for contract buses which is now being studied by the drivers.

\* \* \* \* Mr. B. Wood, Architect, came to see the Board regarding plans and estimate of costs for the Stony Plain Vocational

Mr. Wood advised the Board that he received an interim report on the soil test at Stony Plain which shows that additional costs will be involved for footings and foundation because of the soil conditions. He recommended that this matter be taken up with the School Buildings Board for an additional allowance of \$1.00 per square foot under the foundation program. \* \* \* \*

The architectural firm of Wood and Gardiner will be engaged an authorized to prepare plans for proposed ad-dition to the Entwistle School.

\* \* \* \*

Estimated cost of the proposed vocational wing addition to the Stony Plain Composite High School is \$762,512. The federal and provincial share amounts to \$356,550 leaving \$405,963 to be raised by debentures. Debenture by-law No. 1966-1 was read three times and

# St. Anthony's Setting For Recent Wedding

St. Anthony's Roman Catholic Church in Drayton Valley was the scene of a pretty afternoon wedding on April 16th when Miss Sylvia Elaine McDonald daughter of Mr. and Mrs. Frank McDonald of Tomahawk became the bride of Mr. Joseph Steve Hruschak son of Mr. and Mrs. Peter Hruschak of Moon Lake.

The double ring ceremony was performed by Rev. Fr. Edward Lynch. The church was decorated with yellow and white chrysanthemums. The wedding music was played by Mrs. Jim Courtney.

The bride, given in marriage by her father, was radiant in a floor length gown of lace and net embroidered with pearls and crystal sequins over satin, with a full skirt, sculptured neckline and lily-point sleeves. Her chapel veil was held in place by a crystal crown. She carried a bouquet of red roses with rosebud streamers.

The bridesmaids, Miss Rose Ann Zaniewicz of Tomahawk, Miss Leda Antoniuk of Edmonton and Miss Linda Majeau of Villeneuve wore identical cocktail-length dresses of turquoise nylon and lace with empire waists. They wore crystal tiaras and carried bouquets of white carnations and yellow chrysanthemums.

The bestmen were Mr. Sam Hruschak, twin brother of the groom. Mr. Yakin Hruschak of Moon Lake and Mr. Francis McDonald of Edmonton.

Flower girl, Miss Bethie Thompson of Edmonton wore a yellow nylon and lace dress to match the bridesmaids and carried a basket of yellow chrysanthemums. Ring-bearer was Steven McDonald, brother of the bride.

For her daughter's wedding the bride's mother chose a forest green sheath with light green accessories and pink roses en corsage.

For her son's wedding the

groom's mother wore a silk print dress with white accessories and pink roses en cor-

The bride's grandmother, Mrs. Helen Taylor of Tomahawk wore a navy dress with navy accessories and also wore a corsage of pink roses.

The ceremony was followed by, a reception held in the Tomahawk community hall for about 200 guests. Dancing followed with music by Langford's Orchestra.

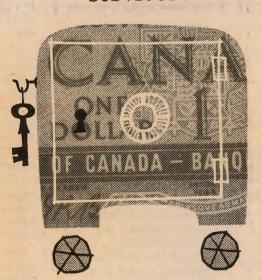

The bride's going away costume was a navy blue suit with white accessories and a corsage of pink roses.

Mr. and Mrs. Joseph Hruschak will make their home in Edmonton.

Out of town guests were from Egremont, Glendon, Redwater, Lancaster Park, Edmonton, Villeneuve, Drayton Valley and Moon Lake.

The Canadian and American Red Cross have a reciprocal agreement to supply free blood to tourists who may need transfusions while visiting in their neighbouring countries.

# Increased Interest in Land Drainage

Interest in draining and reclaiming salted and flooded land in the South of the province is very much on the upswing.

"THERE'S NOTHING BETTER TO START OFF THE DAY THAN A

L.D.M. Sadler, Supervisor. of Soils and Drainage with the Alberta Department of Agriculture, reports that investigations undertaken by his branch include engineering surveys, deep soil testing and installing groundwater recording equipment. Responsibility for financing construction will be undertaken by the provincial government, the counties and the local farmers involved,

Mr. Sadler says at least one of the demonstration areas lends itself very well to a water conservation project involving dams or dugouts for stock watering and irrigation. This type of project is much more desirable than drainage construction.

According to Mr. Sadler, a reduction in cultivated acreage and loss of time due to field irregularities have provided the impetus for reclamation projects. The problems are the result of groundwater seepage and poor surface drainage having caused salts and flooding.

The increased interest in draining and reclaiming salted and flooded lands is due to the ever increasing land values and to public awareness of new technology. Initial contracts made to the Colonization Branch have come through the county agricultural committees via district agriculturists R. M. Trimmer and C.J. Roth for the counties of Warner and Vulcan respectively.

Professional personnel involved in the reclamation projects are R. H. Schuler, N.S. Thomson, and H.A.

Kerr of the Colonization son and D. Houlton of Warner Branch. Agricultural Comand Vulcan will act as

mittee Fieldmen D. Michelliaison personnel For The First Time!

Objectives of the camp will include focusing attention on good conservation practices and the development of an understanding of the significance of natural resources in our modern economy. These resources include soil, water, fish, wildlife and range land.

Delegates selected to attend the one week camp will

include senior 4-H members from all parts of the province

who have a special interest in conservation. The camp, to be sponsored

by Calgary Power Ltd., Canadian Utilities Ltd. and Northland Utilities working in co-operation with the A1-

berta Department of Agriculture, will be located in the central part of the province.

THE WESTERN REVIEW - Drayton Valley, Alberta - May 4, 1966 - Page 9

A protective measure in the home is to familiarize every adult member of the family with the phone numbers of police, fire department and family doctor. A list of these should be kept handy to the phone. Each member, including the bigger children, should know how to turn off the electricity, gas and water at the main where these utilities enter the building.

Centennial Report

1867 1967 by JOHN W. FISHER CENTENNIAL COMMISSIONER

the music of the regiments

but also the servicemen's

A television series about the drama of life in New York City used to end this way: "There are eight million stories in the Naked City. This has been one of them."

Around Centennial Commission headquarters at Ottawa we are beginning to look at Canada's 1967 celebrations in the same way. There are many thousands of national, provincial and local projects under way across Canada to mark our 100th birthday and they all make stories. The big national projects alone are numbered in dozens -- the Confederation Train and Caravans, a 4,000-mile canoe race, the Canada Festival, the Youth Travel program; programs for the performing arts, visual arts, folk arts, athletics, tree planting, new buildings for arts centres, museums and so on.

I am going to tell you in this column of one of the national projects about which I am quite excited. It is the Armed Forces Tatoo, the big cross-Canada show which will be presented by the Department of National Defence.

At the time of writing I am particularly excited about this event because I have fresh in my mind an advance look at the program. At Centennial Commission headquarters recently Brig. C. Amold Peck and Captain Ian Fraser of the Department of National Detence centennial planning staff described the two-hour show -- of which there will be 147 performances in 40 cities across the country -- and provided storyboard illustrations and taped excerts of the stirring music especially composed for the Centennial.

I can predict that Canadians will be given a thrilling surprise when they see the Armed Forces Tatoo, which will be one of the highlights of the 1967 celebrations. The advance presentation which we saw and heard at Ottawa showed that the Forces' project is being conducted in a highly professional manner.

There will be 80 colorful selections in 12 major scenes of the Tattoo with static bands, marching bands, pipes and drums, scenes from history as far back as 1665, a naval gun-hauling race over obstacles, a drummer boy's idea of what war was like in 1812, 150 sailors dancing a hornpipe, action scenes of the battlefield -- even an actual World War II Spitfire in an enactment of a Battle of Britain "scramble".

The Armed Forces Centennial team has done research deep into history, through the years to the period when the early French and British regiments were stationed in Canada, and

songs of the canteens and messes which also have been sung by the citizenry of yesterday and today.

Research also has been done for the Tattoo in Europe by Captain Fraser for consideration of the best military tattoo productions and techniques at Edinburgh and on the continent. Captain Fraser, it has been pointed out, produced the Armed Forces show at the Seattle World's Fair which proved to be one of the highlights of that exhibition.

After seeing the very professional advance work done by

the Defence Department's Centennial staff I do not hesitate to recommend that you watch for the date of the performance, whether it be an indoor one or an outdoor one, nearest to your area and be sure to attend.

# Hay Cutting Permits Needed

Gordon E. Taylor, Alberta Minister of Highways, has announced that persons desiring to cut hay on the right of way of main or secondary highways must apply for a permit

to do so to the District Engineer.

The District Engineer will endeavor to accommodate land owners adjacent to the area in question but such persons must make application to the Engineer prior to June 15th. After this date the Engineer will be required to deal with the applications in order that they are received

# PUBLIC NOTICE

By the Board of Trustees of the Stony Plain School Division No. 23, of the Province of Alberta,

WHEREAS it is deemed expedient by the Board of Trustees of The Stony Plain School Division No. 23, of the Province of Alberta, that the sum of Four Hundred Five Thousand Nine Hundred and Sixty Three (\$405,963.00) Dollars should be borrowed on the security of the said Division by the issue of Debentures, repayable to the bearer in Twenty-five (25) equal consecutive annual instalments, with interest at the rate of not more than six per centum per annum for the following purposes, namely: Constructing an addition to the new High School in the Town of Stony Plain (Stony Plain School District No. 1638) as follows:—

"Part A - 100% Vocational

New Facilities — 1 manual typing, 1 electric typing, 1 business machines inclusive of office, storage and duplicating, 1 merchandising, 1 classroom, 1 science room with preparation and storage, 1 minimum service kitchen plus circulatory mechanical, storage areas and ancillary facilities.

Part B - Joint-use Facilities @ 33 1/3% Vocational

Section 1 - New Facilities - 1 library centre plus corridors, washrooms, storage and ancillary areas.

Section 2 - Renovations - (1) existing library and group study room to administrative centre

(2) existing administrative centre to teachers' work room

(3) mechanical and electrical to the above

(The following areas are not shareable under the Agreement - 2 classrooms, 2 ancillary classrooms, 1 language laboratory, 1 Industrial Arts shop, and "Academic" share of Joint-use.)"

at an estimated cost as follows:-

ITEM	COST	SHARE	DEBENTURE
A. Building B. Landscaping	\$630,108.00	\$277,878.00	\$352,230.00 5,600.00
C. Arch/Eng. Fees D. Furniture & Equipment	37,805.00 89,000.00	16,672.00 62,000.00	21,133.00 27,000.00
	\$762,513.00	\$356,550.00	\$405,963.00

THEREFORE, notice is hereby given by the board of Trustees of the said School Division that unless a poll for and against the said debenture loan is demanded, as provided in The School Act, the said Board will apply to the Board of Public Utility Commissioners for authority to borrow the said sum by debentures.

Of which all persons interested are hereby notified and they are required to govern themselves accordingly.

DATED at Stony Plain, Alberta, This 20th day of April 1966.

> FRANCIS W. MADDOCK CHAIRMAN

#### INSTRUCTIONS TO PROPRIETARY ELECTORS IN A SCHOOL DIVISION

A poll may be demanded in a School Division by a demand signed by five proprietary electors of each of at least twenty per cent of the districts in the division.

Every demand for a poll must be delivered to the Secretary of the Division or, in his absence, to the chairman of the Board of Trustees, within Fifteen days after the date of posting or of the last publication in a newspaper of this notice. A certified copy of the demand must be forwarded forthwith to the Board of Public Utility Commissioners of Alberta, at Edmonton.

"Proprietary Elector" means an elector who is liable to assessment and taxation for school purposes in respect of any property situate in the School Division.

# D. V. Highlights

BY MRS. EDITH DEBY

We take this opportunity to tend best wishes to Mr. and mrs. Robert Hunter, nee Vallee Urchyshyn. The Hunter-Urchyshyn wedding was old home week for many former Drayton Valleyites. To mention only a few there were: Miss Rosa Wolters; Mr. and Mrs. Edwin Olney; Mr. and Mrs. Wilmer Brown; Mrs. Tony Baudenbacher (Laura McLeod); Mrs. Keith Greenwood (Mabel Morin); Mrs. Cecil Wall; Mr. and Mrs. Fred Urchyshyn; Eunice and Wayne and their spouses; the former Mrs. Kenneth Morin (didn't catch her new name); and Grandma Urchyshyn.

Mr. Otto Ganske was here for two days but hurried home to Summerland. He finds our climate inhospitable.

Mr. Albert Stordalsvoll is here for a few days but will be returning to Creston soon.

Mrs. Kenneth Kleyin has accepted a position in Valley Drug Store.

Mr. and Mrs. Fred Cull will soon be coming home from Abbottsford where they have been visiting with their daughter and her family.

April 27th - Mrs. Walter Jossy (Ileen), Tomahawk, Alberta - Boy - 6 lbs.  $15\frac{1}{2}$  ozs. April 29th - Mrs. Allen Somerville (Judy Ann), Drayton Valley - Girl -6 lbs. 12 ozs. April 30th - Mrs. Robert Landers (Gayle), Drayton Valley - Boy - 7 lbs.  $14\frac{1}{2}$ 

The winner of this week's baby spoon is Mrs. Robert Landers with her girl of 7 lbs. 14½ ozs. Mrs. Landers may pick up her spoon at:

ALBERTA.

The Culls attended their granddaughter's wedding and Mr. Cull had the honour of giving the bride away.

Mrs. Albert Lainchbury entertained in her home with a bridal shower for Miss Vallee Urchyshyn on Monday of last week. Mrs. Howard Jevne, Mrs. Ray Jevne and Mrs.

Howard Ganske assisted Mrs. Lainchbury with serving.

Terry McManus has finished this term at U. of A. and will soon be away to Ontario to take further officer training.

Mrs. Francis Hopfe is gaining strength rapidly after her recent operation.

The Flower Show Committee of the Women's Institute will meet at the Deby home on Thursday evening to finalize plans for the annual show

# Band Concert Wednesday

Town and district residents are reminded of the band concert to be presented here on Wednesday. May 11th by the Princess Patricia's Light Infantry Band. The concert will be held in the Frank Maddock High School commencing at 8:00 p.m.

The performance is under the sponsorship of the Drayton Valley and District Chamber of Commerce with proceeds to to be used for community projects.

# Golf Club Elects New Officers

The annual meeting of the Drayton Valley Golf Club was held Wednesday, April 27th at the curling rink. The minutes of the 1965 meeting were read followed by the financial report.

It was noted the club ended the year with bank balance of \$1,414.73. This was after revenue of \$4694.32 and expenditures of \$3.279.59

Vice-President, Bill Guild

summarized the past year's operations and it was noted that due to the weather that weed spraying was not done and that at times the fairways could not be cut due to the soft conditions.

The possibility of hiring a full time caretaker was discussed and it was moved and passed that one be hired for the 1966 season. Clubhouse facilities and location

were discussed with the idea of making a temporary clubhouse of the cement block building behind number 3 hold.

The donation of further facilities for social activities were noted with thanks.

Jack O'Rourke the head of the greens committee stated that the new number 8 hole was ready to play and that the new number 9 should be ready in June. Changes

to the location of some holes will have to be made to accomodate the new holes.

Officers elected for the new term include: Directors-G. Goss. W. Guild. D. Booker. L. Maclean. T. H Henderson, R. Sired. G. Nielson and H. Ganske; D. Lindberg is the secretary and J. Byciuk treasurer.

The meeting closed with the showing of a film of the 1965 Master's Tournament.

A foot specialist should be consulted if a corn cannot be removed by soaking. Wearing properly fitted shoes will often effect a cure.

# Investment Principles For Farm Owners

Farmers planning to buy machinery should take the time to work out the returns they expect to get from the use of the machine compared to the returns they could expect if the same amount of money was invested in an alternative such as breaking land, purchasing additional land, renting more land, etc.

The answer will be different for each farmer, depending upon his particular situation and opportunities. He must know what his costs and returns will be on the alternative uses for his money before he can estimate which investment will offer the greatest potential.

For example, a farmer who has 50 acres of hay might think that he would be further ahead to buy a baler and do the work himself rather than pay for custom work each year. The baler he is thinking of buying will cost him \$1,600.

He works out that he can save \$2 an acre after he has paid all costs involved in running the machine. This amounts to \$100 for the 50 acres. The \$100 on a \$1,600 investment = \$\frac{\$100}{\$1,600}\$ x 100 =

approximately 6 percent. Is this the best return he can get on his \$1,600?

As a result of examining several other possibilities in his farm business, he finds one that promises returns that are three times as high as those he will receive from the baler investment. His alternative is to invest \$1,600 in additional feeders. The knowledge he has gained from an accurate record of the costs involved and information on the long and short term outlook for this enterprise enables him to estimate a return of \$300 annually on a \$1,600 investment in teeders. A \$300 return on \$1,600 =  $\frac{$300}{$1,600}$  x 100 = 18.75%

In this particular case, if the farmer had bought the baler he would have only made 6 percent return on his money compared to 18.75 percent on the feeders.

Sound decisions depend upon a full knowledge of economic principles and the ability to adapt these principles to one's own business. An outline of these principles and examples of how they can be applied is contained in the publication "Economic Principles in the Selection and Use of Farm Power and Machinery" by Dr. Glen Purnell and A.R. Jones of the Alberta Farm Economics Division. Copies are available from district agriculturists and the Extension Service of the Alberta Department of Agriculture, Edmonton.

# Ladies Busy Making Chocolates

The Relief Society, which is the ladies organization in the Church of Jesus Christ of Latter-Day Saints, once again have made their quality homemade chocolates.

The ladies individually cook the fondant in two to five lb. batches and then beat it by

hand. They then come together to roll the many flavors of fondant and hand dip it in special dipping chocolate. Shown above are Mrs. Look (left) rolling and Mrs. Wolsey (center), Mrs. Humphreys (right) dipping.

During the  $2\frac{1}{2}$  days of

dipping, the ladies made up 190 lbs. of delicious chocolates. They are available through any member of the L. D. S. Church or by contacting Mrs. Humphreys at 4860 - 52nd Avenue or phoning 542-3535.

# astre Leaving for East

How is the Nation's Capital preparing for the celebration of Canada's 100th Birthday? 246 adventurers - Adventurers in Citizenship - will discover the answer to that question and others from May 9th to 12th during the 16th annual "Adventure in Citizenship", a project of The Rotary Club of Ottawa.

Dale Mastre of Frank Mad-

dock High School will be attending. · The Rotary Club of Drayton Valley as the sponsoring club, has been coordinating the arrangements for Dale's trip to Ottawa.

The young adventurers will see Ottawa on the brink of a new era. To make way for Centennial celebrations in the Capital the face of old Bytown has been changing.

Visits to the National Art Gallery of Canada and the Public Archives of Canada are of special interest. The Royal Canadian Mounted Police Musical Ride is being assembled at the Rockcliffe Barracks on the Eastern fringe of Ottawa and a special performance has been arranged for the visiting adventurers.

Visits to the Parliament Buildings, the Supreme Court are traditional events on the Adventure in Citizenship that always provide great material for discussion.

The National Capital Commission plays host on May 11th for a luncheon and a scenic tour of the Capital area and then dinner and dancing at the famous Chateau Laurier Hotel. At this NCC dinner the Minister of Public Works, The Honourable George J. McIlraith will be the guest speaker. The adventurers will also be addressed by the Prime Minister, the Right Honourable Lester B. Pearson and by the Leader of the Opposition, The Right Honourable John G. Diefen-

Discussion groups of approximately 20 people will meet each day and review the national and international issues that are current.

All provinces and the Northwest Territories will be represented with 20 Alberta representatives to be present.

This is a reminder to nurses

Attention Nurses

that for the month of May,

the regular meeting will be held in St. Anthony's School

at 8:00 p.m. on Wednesday,

Programme for the evening

will be a panel by three mem-

bers from the Child Welfare

and Adoptions Branch. They

will be speaking on reforms in

the adoption laws.

May 11th.

# May Meeting of C.W.L.

The May meeting of the CWL was held at St. Anthony's School with 22 members present. The meeting was opened with recitation of the Rosary and the League Prayer.

The hospital visitors for the month are Mrs. Anderson and Mrs. Baker.

It was decided not to have a first communion breakfast this year. Instead, pictures will be taken of the group and the C.W.L. will present a picture to each child. The C.W.L. will also see that all little girls have white dresses and the boys white shirts for making their first communion.

The diocesan convention will be held on June 3rd, 4th and 5th at the Edmonton Inn. All members are urged to attend.

Following the meeting the members attended the lecture Vatican II and You, given by Father McMahon from St. John's College in Edmonton. Over 70 people gathered at

St. Anthony's to hear Father McMahon. After the conference the C.W.L. served coffee which was followed by a question and answer period. Vatican II and You continues next Monday, May 9th at 8:00 p.m. at St. Anthony's school. Anyone interested is welcome to attend.

# Flying Club **Meeting Planned**

A meeting of the Drayton Valley Flying Club will be held in the Town Office on Monday, May 9th at 8:00 p.m.

An important item on the agenda is the discussion of a proposal to establish an approved flying school here.

All members are urged to attend and an invitation is extended to anyone else interested in flying.

Cadets of Drayton Valley No. 733 Squadron are shown above passing the reviewing stand during the mammoth Air Cadet parade held in Edmonton recently. De-

fence Minister Paul Hellyer took the salute from the forty-one Alberta squadrons marching in the parade.

# Students Donate Items to Hospital

Student's from the Grade 6 class of St. Anthony's School donated some useful items to the Children's Ward of the Drayton Valley Hospital. Among the items were a baby walker, two stuffed rabbits and jig saw puzzles.

The project was initially prompted last fall by Mrs. Hegolz the Grade 6 teacher at that time, and completed by Mrs. Greschuk the pre-

PHONE 542-2129

sent teacher.

The students earned the money by making various articles and selling them to other pupils of St. Anthony's School. The proceeds then went toward the purchase of the items donated.

Mrs. Hegholz and Mrs. Greschuk were well pleased with the students efforts and it is felt that the hospital and the children will appreciate their efforts to even a

greater extent.

The Drayton Valley Municipal Hospital expressed their appreciation for the students' fine efforts.

### Another \$1,000 Bingo Winner

It seems the Drayton Valley district has another \$1,000 winner. This time it is a Grade 12 student, Allan Mattoon of Rocky Rapids.

Allan emerged victorious from the group of five who

played off for the prize in a bingo in Edmonton recently.

His only plan for the money is to put it in the bank and save it.

Salvation Army Officers interviewed 42,526 men and women during the last twelve months in Canadian prisons and penitentaries, offering practical and spiritual assistance.

# Meeting Well Attended

Over seventy persons of all faiths gathered in St. Anthony's School Auditorium on Monday evening for the first ses-

on of discussions entitled, atican 2 And You" to be held on five Monday's during May.

The purpose of the discussion is an attempt to bring the documents of Vatican 2 down to the grass roots level

# Rocky Rapids News

Allan Mattoon returned from the Bingo in Edmonton last week \$1000 richer. Congratulations.

Gerald Dusterhoft who is in the Drayton Valley Hospital had the misfortune to get his leg burned quite badly when a package of firecrackers became ignited and exploded in his pocket at school.

Hubert and Ester Davidson are back from a holiday in Owen Sound, Ontario. They report the weather was no different from here.

A miscellaneous shower was held in the Rocky Rapids community hall for Mrs. Frank Low (nee Florence Elliott) last week.

Chester Jensen is home for a short vacation visiting with family and friends.

Twenty-one ladies of the Royal Purple (four from Rocky Rapids) journeyed to Breton on Saturday where the ladies in District #12 held their annual district meeting. A large turnout was reported.

Wish the young gentleman who recently purchased the green Volkswagon would give me a ride before the young ladies find out he has a car or I may have to put my name on the waiting list.

Mr. Ervin Combs is in Edmonton Hospital where he underwent surgery.

and make them intelligible to everyone.

Guest speaker at Monday evening's meeting was Fr. Francis McMahon of St. John's College in Edmonton who spoke on the contribution of the church, which, he said, is the key to the council.

He emphasized the point that one cannot be a Christian unless he serves his neighbor. He commented on the tremendous impact the Vatican Council has had on the attitudes of Christians and expressed the possibility of looking forward to an even greater exchange of views.

After the conference, small groups were formed and discussed two questions proposed by the speaker, "If faith is a free act, should we change our attitude towards it?" and "How can we educate our children, in the light of Vatican 2, so that they are prepared to live in the 20th century?" A lively question and answer period terminated the conference.

The next session of "Vatican 2 And You" will be held Monday, May 9th at 8:00 p.m. All are welcomed.

# Cadets' Sports Competition

The Drayton Valley Cadet Squadron #733 came through in flying colors in the Cadet Drill and Sports Competition held at the Wing level last Sunday afternoon. The competitions were held in Edmonton at the 700 Wing Kingsway.

The local squadron was welcomed and everyone was briefed on the scheduled activities for the day after which everyone was treated to breakfast by the 700 Wing at 9:30 a.m. After breakfast the competitions got underway with the drill competition leading off the schedule. The Drayton Valley Squadron did not compete in the drill.

After the smorgasbord lunch the Drayton Valley squadron went into high gear and swept three of the next four competitions. They won the rifle competition at the Prince of Wales Armouries, took top honors in Volleyball at the Kingsway Recreation Centre and came first in the agility contest held at the Victoria Composite High School.

The Barrhead Squadron

continues Stephanson, "is

that the total number of ac-

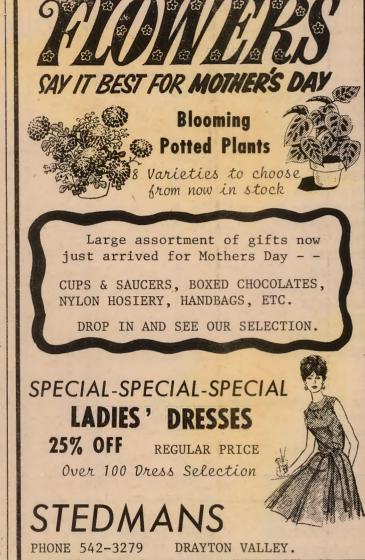

higher than last year". The

cidents reported is only 3%

#526 won the aggregate title for the day's competitions and #395 Edmonton Squadron took top honors in the drill. Barrhead came first in the high jump and the medley relay race with Drayton Valley coming second in each case. Barrhead also won the basketball competitions.

The winners of the different competitions as well as the aggregate title holders will

go on to the group competitions later this month. Here all the winners of the different wing competitions held throughout the province last Sunday will come together to decide the provincial championships. The competitions at all levels are being carried out under the direction of the Alberta Provincial Committee of the Air Cadet League of Canada.

# Optimistic Report on Highway Accidents

"If present accident trends continue" states Professor B. T. Stephanson, recently elected to his second term as President of the Alberta Safety Council, "we can be hopeful that no drastic increase in motor vehicle deaths will occur this year. However, we will keep a watchful eye on the accident returns as better weather and driving conditions return".

Professor Stephanson was commenting on the Safety Council's monthly traffic accident summary which indicated no increase in traffic fatalities in the first three months of this year. To the end of March, 61 persons have died from injuries received in motor vehicle accidents, exactly the same number of deaths as a year

During March, 20 Albertans died in accidents, down 8 from a year ago. R.C.M.P. reported 16 of the deaths while Calgary police investigated 3 fatalities and Edmonton 1.

"Another hopeful point",

# Teachers' Meeting

Industrial Arts and Vocational teachers from North-Eastern Alberta gathered at Willingdon School, Willingdon for a specialist council meeting on April 30th. Its purpose is to help and promote professional development in the field of education.

The theme of the meeting was "Metals in the Junior High School Industrial Arts Program."

Mr. J. Courtney of Drayton Valley was among the twenty teachers in attendance.

year's first quarter figures show 9,639 accidents reported. compared to last year's 9, 385.

ISLAND INSTRUMENTATION is but one of a galaxy of outstanding feature choices in Philco's stylesetting Order of Merit Series. A compact centre of Convenience and beauty which permits easy and efficient operation of the automatic pre-set controls.

## Card of Thanks

We wish to thank the Men's and Ladies'Curling Clubs for the gifts and farewell cards given to us on the occasion of our transfer to Edmonton.

Barb and Al Casey

A youngster usually has a lot of news to discuss with Mom and Dad. His troubles and triumphs at school are of great interest to him and his two most important people should try to spare him some time each day. The child who is "brushed off" by too busy parents may feel unwanted and unloved. Even a few minutes in which he is the centre of attention will reassure and encourage him.

# Calgary Power Steps Up Expansion Program

CALGARY -- Calgary Power Ltd. is stepping up its expansion program to meet a continually growing demand for electric power.

In 1965, according to the

In 1965, according to the Company's annual report, capital expenditures amounted to \$24,839,165 with the following major projects completed or undertaken during the year:

Commissioning of the first 150,000 KW unit at the Big Bend plant of the Brazeau River hydro development and continuation of work on the second unit of 190,000 KW to be commissioned this fall.

Extension of the Wabamun thermal station to provide for installation of a fourth generating unit, with a capatiy of 300,000 KW scheduled to go into service earily in 1967. Ordering of major equipment for an additional 300, -000 KW unit to be commissioned at Wabamun in 1970 or 1971.

Extension of various transmission facilities, including completion of a 138-KV line from the Big Bend plant to Lodgepole.

Expansion of sub-station and distribution facilities in a number of areas.

Sugar is a sweetener and a condiment, points out the Canadian Sugar Institute. Used as a condiment it complements sour, counteracts salts, puts fresh taste back into frozen foods, adds richness without grease and helps to retain the juices of meat.

### ROP PROGENY SUPERIOR

Alberta cattlemen who want to choose a sire or replacement females for their herds will find performance testing records a great help in making this selection. The records show growth and feed conversion rates, both of which are highly heritable characteristics.

J.S. Lore, Livestock Supervisor with the provincial Department of Agriculture, reports that 119 purebred breed ers entered 4,630 calves in the ROP program last fall. These animals are now on feed and will complete the test in April and early May. In 1964, 96 breeders took part in the program.

Mr. Lore points out that a recent test, conducted at Bozeman, Montana, showed that the progeny from ROP sires were consistently superior to those from visually selected sires.

#### Poplar Trees In Shelterbelts

P.D. McCalla, Alberta's Supervisor of Horticulture, stresses that farmers who plant poplars in their shelterbelts should realize that these trees are short-lived.

He points out that poplars should always be used with other trees in a shelterbelt because their average life span is often less than 10 years Poplars should also be planted in such a way that they can be removed later without damaging the other trees. There are many arrangements which facilitate their easy removal.
